Super Lightweight:

Users barely notice the weight of this mask.

Sizes & Styles:

A number of different size options allows users to find the perfect fit for their face as well as their personality; expands the number of users the mask will fit.

Moisture Vapor Breathable:

High-tech material allows the skin to breathe naturally, wicks away moisture and leaves no pressure marks that are common with rubber or silicone seals.

Loose Fit:

As with all SleepWeaver masks, the unique "loose fit" provides the ultimate comfort and eliminates strap marks.

Tether Strap:

Allows users to position the tube over their head with the option to route the tube over the bed's headboard.

Open Face Head-Strap Design:

Allows virtually unrestricted vision; especially good for people who like to fall asleep while reading or watching TV, accommodates eyeglasses.

90° Swivel Connector with 360° Rotation:

Allows users to sleep in more natural positions; easy to remove and clean.

Bottom Exhalation:

Exhalation holes are underneath the mask, approximating natural nasal exhalation. Angled so it doesn't bother users or bed partners.

Feather Weight Tube:

Lightweight 18" extension tube adds convenient quick release from standard hose; reduces drag on the soft cloth mask.

Easy Mask / Cushion Replacement:

Quick, simple and cost-effective replacement of material that routinely comes in contact with the skin surface.
